Role of UBA Cell

It is a flagship program of Ministry of Human Resource Development with the intention to enrich rural areas. This program will help in making a change in the rural development process. It will also create vibrant relationship between higher educational institutes and society. It will provide knowledge and technology support to improve livelihood in rural areas and also will create upgrade the capabilities of public and private organizations in the society.

Under this program students & faculty members will carry out studies of living conditions in the adopted villages, access the local problems and needs and by applying new technologies improve processes in the implementation of various government schemes. Students will be reoriented and connected to the rural realities so that they will obtain relevance in learning and research work.
